

Privacy policy for the app “Points of interest”

Data collecting

To verify that the user is licensed to use this app some data is sent to a secure webservice. This data includes the currently logged in username from your Autodesk account, an user identification number and an app identification number. This data is only used to check your license and is not shared with third-party companies.

Third-party companies

No third-party companies are applicable.

Data retention

The login data will be periodically deleted to ensure the web-service performance.

Consent

If you feel like any data should be removed please send me an email at info@pro-cad.nl.
