Overview

This doc is an overview of the actions of the user pr10rity_1, also known as mr_4nt_t3nn4, S1L3NTPR1NC355, and CrushedPippin. For simplicity sake I will be referring to him as Priority/Prio. Priority has a sizable online following in the art community, specifically in the dream smp, Deltarune, and invincible fandoms. This is not a cancellation attempt or me trying to ruin his life, he has hurt my friends continuously and this pattern of behavior shouldn't go unchecked- though months have passed since many of these incidents no apologies have been given, therefore me and many others do not believe prio has changed. This doc is only being created because priority, after being called out back in February, has returned to the dream smp twitter space. We believe we will indeed hurt more people if no one is made aware of this. don't send harassment or hate, please just block and avoid giving him a platform.

This Doc will have mentions of manipulation, unhealthy relationships, and sexual harassment. Continue with care.

Ducky4t

Way back in January of this year, user @Ducky4t made a callout against prio, many of prios friends and mutuals (myself included) defended him against Duckys allegations of manipulative behavior causing the original thread to be deleted.

Ducky received harassment and hate in her strawpage; including messages trying to claim her partner, who she is in a healthy relationship was a creep

Regardless of if it was an issue why would they send this to the person they're trying to say is being accused of? Why are they sending it like

Priority originally denied the harassment, specifically the cmc one. but later admitted to lying. There's nothing concrete to prove he sent the other messages but considering 1. his pattern of behavior

2. the fact no one else fessed up to sending the additional hate

Manipulation and guilt tripping

Priority has shown to have a pattern of manipulative and selfish behavior. most his past freinds/acquaintances

The following is a worrying conversation that occurred between Prio and his ex boyfriend/friend who I'll be referring to as John. the conversation occurred after, Priority sent John multiple voice notes berating him for bonding with their mutual friends. John was frustrated with that and tried of prio constantly saying negative things about him. He expressed this to prio but was not met with sympathy and

And

And

But

Please

Don't start acting like this
You started it

How else do you want me to talk
Please

PRIORITY#1 Yesterday at 10:43 PM

I wasn't going to argue
But you started it

!*j Yesterday at 10:43 PM

I don't want to

PRIORITY#1 Yesterday at 10:43 PM

You made me throw up

!*j Yesterday at 10:43 PM

What

Im

So sorry

PRIORITY#1 Yesterday at 10:43 PM

And now I'm done taking your shit
I wanted a break, and you vague tweet about me
Knowing that all our friends see it

I kind of lost control of my emotions

PRIORITY#1 Yesterday at 10:50 PM

I don't want you in the server
I'm sorry if that's extreme
But I don't want you there

!*j Yesterday at 10:50 PM

Is there anything I can do literally anything

PRIORITY#1 Yesterday at 10:50 PM

I only invited you because I felt pressured
I only introduced you to
Because I felt pressured (edited)
And you send him 21 tiktoks the next day
Like that's so
Upfront and pushy I was so embarrassed
And you make jokes and I almost get in trouble and blamed for them
[redacted] came to me about your stupid fucking joke earlier

!*j Yesterday at 10:51 PM

Which joke?

PRIORITY#1 Yesterday at 10:51 PM

the one with [redacted]
[redacted] you know what

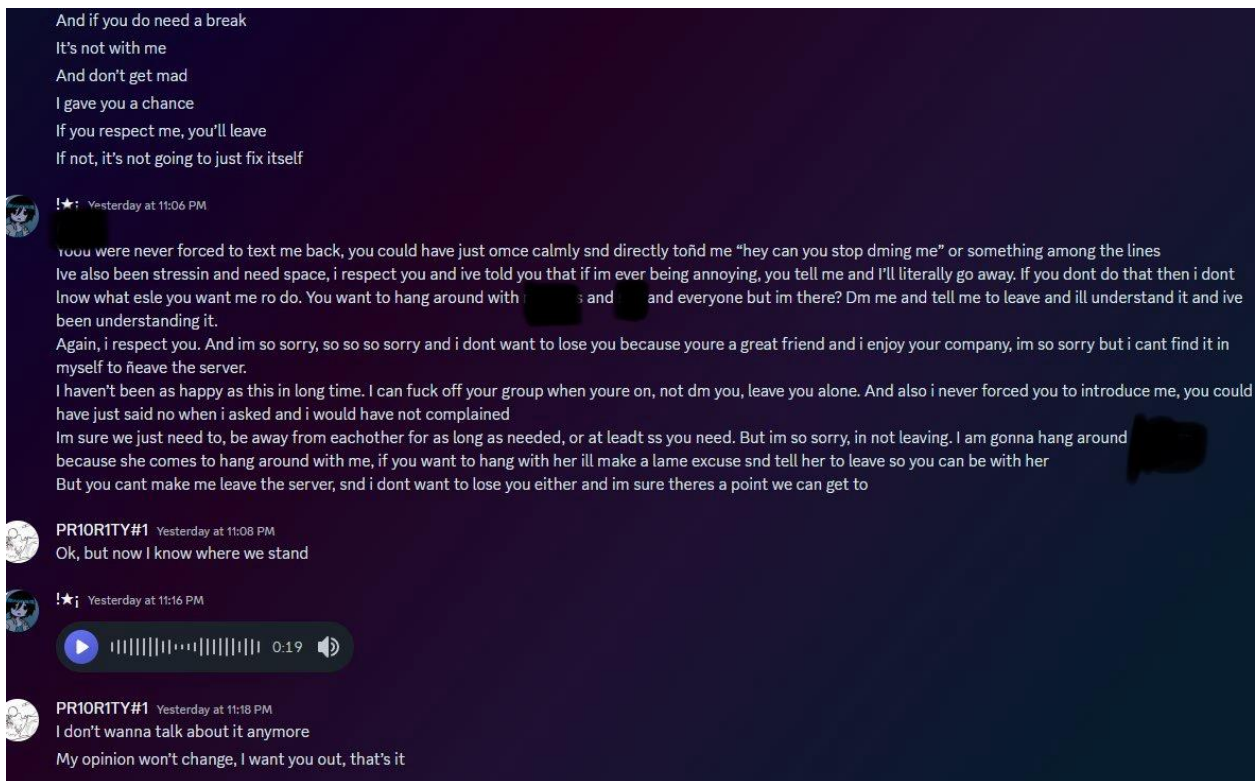

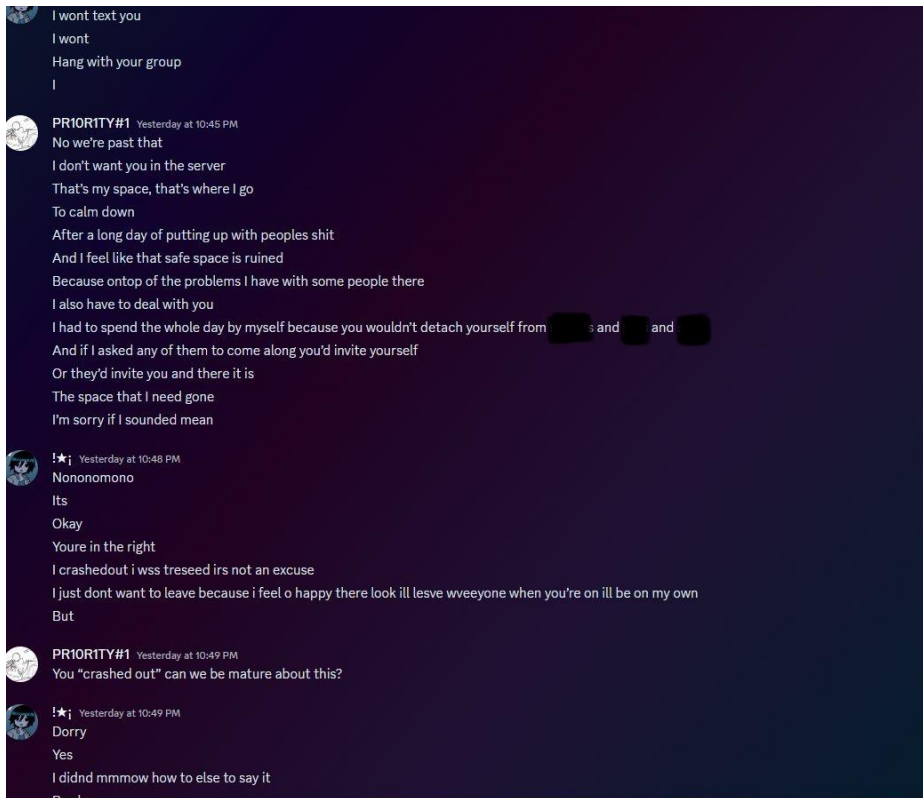

!*j Yesterday at 10:51 PM

You had no involvement in that joke????? Why did he go to you

PRIORITY#1 Yesterday at 10:52 PM

I actually don't care
look
I don't want you in the server
You hang out with [redacted] and everyone again
It was me that needed the break
Not you anyway

Prio is using common manipulation tactics such as:

insulting John's intelligence/ belittling him; "I thought you were mature enough to understand"

"you send him like 21 tiktok's the next day, that's like so up front and pushy i was so embarrassed"

shifting the blame on to him.

"i wasn't going to argue, but you started it"

and guilt tripping him

"you made me throw up"

" i only invited you because i felt pressured"

"on top of the problems i have with some of the people there i have to deal with you"

"In our relationship you didn't care about me or anything I had to say"

"And now you have to stick your nose in every part of my life"

Another victim of Prio spoke out against him back in February. As I don't feel confident in my ability to properly represent the situation as it has a lot of moving parts, you can read the victims statement here.

 @pr10rity_1 debunked.

Sexual harassment

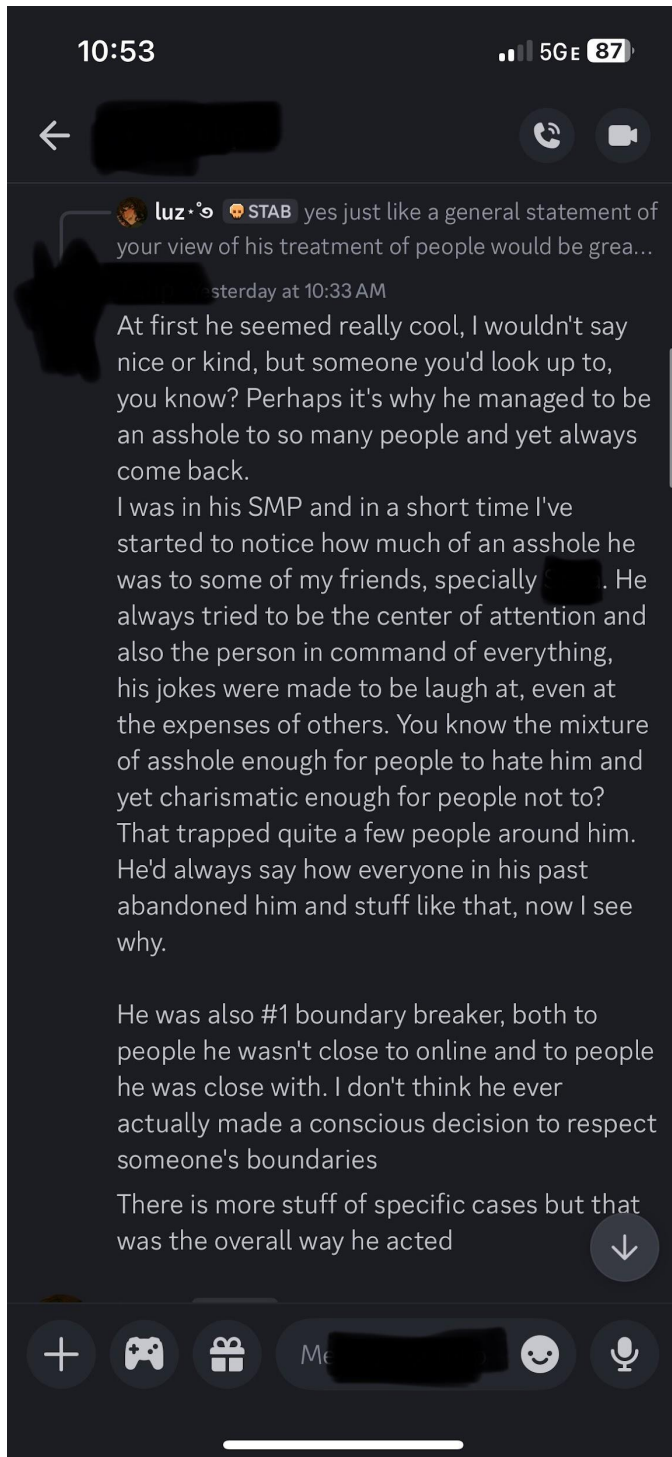

The following is a statement from John. While there is no undeniable proof backing up this claim, I ask that you please read the statement and put your faith in the victim. **John is not the only victim of sexual harassment from priority, there are other victims who wish to not be mentioned in this doc at all so I will respect their wishes.**

and abt the fortnite vc incident
one day we were just chilling in a call per usual, and i was talking about the new fortnite season and how annoyed i was by it because of all the bullshit weapon they added. And i was able to notice prioprity huffing and breathing heavily into his mic and since that wasnt the first time i just kept going on about fortnite because i didnt want to mention it. Then i was almost basically forced to shut up because, well, he was jorking it a bit too loud idk how to word this. I dont exactly remember the full events but i think at some point he told me to start saying things to him? like i guess compliments but err idk i was really akward. Then after everything he kind of demanded i gave him "after care" but like i dont really know?? because im 16 im very obviously a virgin so i wouldnt know what to do. Then he shamed me later on for not going along properly and called me corny for talking about fortnite

To say this is a gross and violating action is an understatement, this is completely unacceptable. I cannot stress this enough that this is not a one off occurrence and it is an inexcusable pattern of behavior.

Additional claims

Many of you reading this doc likely already dislike prio as he has a habit of being mean to fans, mutuals, and friends. To further support my point I have collected statements from people that have run in the same circles as prio in the past. Once again, names of the people whom prio has mistreated will be censored for privacy

thank u !!! what specific cases?

Yesterday at 11:19 AM

There was a project Priority called some friends to help with, me included. It was a Minecraft world for him to make events on, so smaller streamers would stream and record on it, a bit like MCC, but for smaller accounts. He had us helping him, but he was a lot meaner and more bossy in that server than he was on the SMP.

I remember he bullied a lot more there, which is one of the things that made me realise he wasn't a good guy, and was a bit of an asshole to us, his worker/helpers, while we worked, just a very bossy person in general. I was thinking about it recently, it was pretty weird him calling people as young as 14 to work on projects like those that he'd probably get money from, specially considering he never even really offered to credit us or anything like that.

Also, I remember he didn't even explain anything to me when he got me working there, just called me to play with him, asking to help with something, then suddenly I was one of the main builders there

10:38

5G 88

Okayyy so

As i mentioned i was there at the start of his dsmpt art account, then he decided to make a twitter group chat but since twitter sucks he made a discord server. Right away i sorta noticed he had a "leader" sort of personality? I really wanted to be his friends because i thought he was cool and had amazing art, and because he was also brazilian (although his relationship with brazil is a bit strange)

Naturally he became closer with [redacted] and [redacted] and prio had that joke about being married (and they did date for a while i believe) but even then [redacted] noticed prio kinda bossed [redacted] around? Like one time i was in vc with [redacted] and they told me that [redacted] just kinda followed prio around like a dog

People always say that prio is mean, and i definitely agree but i think that more than that hes very self centered. He would always talk about him, his problems, and had some sections on the server exclusively about him as if it was a fan server lol

Whenever prio kicked someone out or complained about someone, no over ever disagreed with him about them (or about most things, really)

I always though he was really rude to [REDACTED] most of the time, but everyone took it as a joke.

I remember not wanting to vc with him or talk to him all that much after a while because i didnt want him to have to deal with him or have him call me stupid

people

Especially [REDACTED], who basically had to deal with all his problems

Also im really sorry if this doesnt make sense or isnt useful at all. What i have is far from the whole picture since i wasnt that close with anyone.

Anyways, after a while everything crashed down. I saw [REDACTED] and [REDACTED] vague tweeting about someone which at time i didnt know but it was prio. I was super surprised when i found that out since [REDACTED] and him were super close. Next day i woke up to [REDACTED] leaving the server after telling prio to go fuck himself. then prio is saying that he removed [REDACTED] from the server for breaking his boundaries.

Worth mentioning that i had like, more than two people telling me they distanced themselves from the server because they didnt like prios vibe.

One told me that they felt as if prio was sorta giving all attention to himself and they were

Message @ [REDACTED]

10:52

5G 87

One told me that they felt as if prio was sorta giving all attention to himself and they were forced to be a listener. After everyone left [REDACTED] was sort of his new best friend for a while. Didn't end well as you can see

As for my own thoughts, even when we were friends i had always thought he was rude and self centered but i always felt bad (and tbh i still do) about shit talking him because like, i knew he probably had a lot of shit going on and his mental health was probably terrible. Not to excuse the harm hes done ofc, just me being a whimp haha.

PR10R1TY#1 Today at 2:33 AM

Just go to bed,

There's nothing you can do anyway

You can't make it all magically go back the way it was

You can't fix my mental illness or my relationships,

We barely had anything outside of the smp

I'm tired and I just

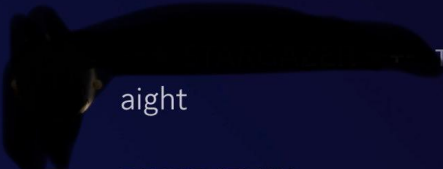

Want my break

Now if you're going to jump a call out thread on me

At least tag me

And if you're gunna screenshot this and send it to anyone else

Ask them to do the same

Today at 2:35 AM

aight

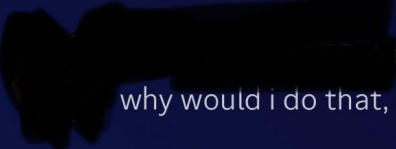

PR10R1TY#1 Today at 2:36 AM

That was a joke please don't make a cancel thread

And also if you don't mind

I know this is pointless

Please don't take screenshots

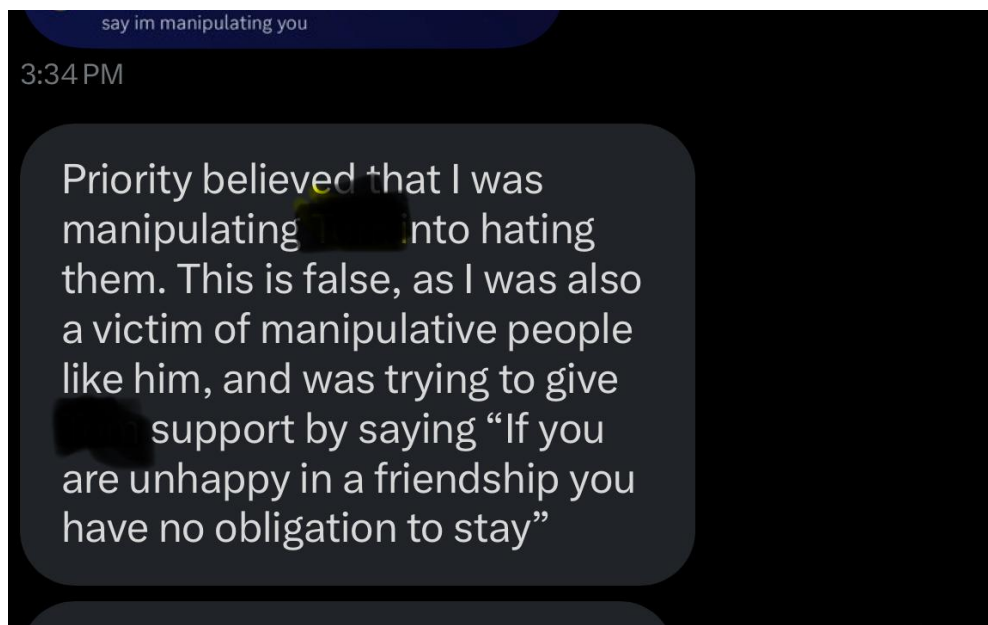

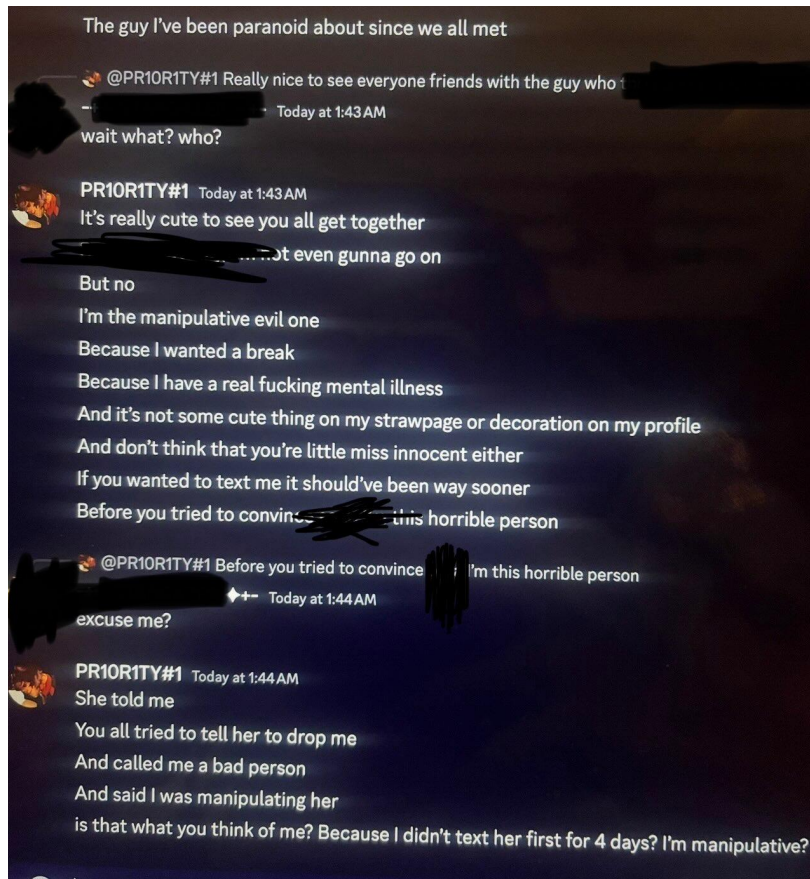

Today at 2:36 AM

why would i do that, i hate drama

PR10R1TY#1 Today at 2:37 AM

Not because i lied, but they're gunna find a way to say im manipulating you

Conclusion

Priority consistently runs away to different accounts to avoid his problems instead of confronting them. He knows people look up to him and takes advantage of that fact. I recognize that priority may not be in the best space of mind and i do sincerely help he is

able to get help. However, that does not in anyway negate any of this wrong doings. if you have any additional information you think may be helpful, please contact me. thank you for your time.
