

**Aridon: The International Journal of Urhobo Studies**  
**Evaluation Form**

**Manuscript Information**

|                         |  |
|-------------------------|--|
| Manuscript Title        |  |
| Date Sent to Reviewer   |  |
| Expected Date of Return |  |

**Evaluation Report per section**

|                                                                                                                                                  |  |
|--------------------------------------------------------------------------------------------------------------------------------------------------|--|
| General Comment<br>(Does the article contain actual & significant information?, is it well-structured?, Is the language of the paper clear? etc) |  |
| Abstract<br>(Does the abstract clearly and accurately describes the content of the article?)                                                     |  |
| Background to Study<br>(Is the aim of the study clearly expressed?, I the introduction focused on the research topic?)                           |  |
| Related Literature Review<br>(Are previous studies on the topic adequately & correctly presented?)                                               |  |
| Methodology<br>(Are the methods appropriate to the objectives of the study?)                                                                     |  |
| Data Presentation and Analysis<br>(is the interpretation in-lign with the data)                                                                  |  |
| Conclusion<br>(The interpretations and conclusions are justified by the results)                                                                 |  |
| References                                                                                                                                       |  |

**Rating of the manuscript:** Use (1 = Excellent) (2 = Very Good) (3 = Average) (4 = Fair) (5 = poor)

|                           |  |
|---------------------------|--|
| Originality               |  |
| Contribution To The Field |  |
| Technical Quality         |  |
| Clarity Of Presentation   |  |
| Depth Of Research         |  |

**Recommendation:** Please, mark with an X

|                       |  |
|-----------------------|--|
| Accept As It Is       |  |
| Minor Corrections     |  |
| Moderate Revision     |  |
| Major Revision        |  |
| Reject (Give Reasons) |  |
