

Every time you read digital portfolio reflections, please leave at least one comment for the writers to let them know that they have an audience that cares about their ideas and the quality of their writing. Every comment has five parts.

1. Identify the reflection you are commenting on and praise the content
2. Offer a connection or ask a question about the same content
3. Offer critique to help the writer revise the reflection
4. Offer critique to help the writer edit the reflection
5. Thank the writer for sharing their work

You can choose the sentence frames that work best for you comment, or you can write your own!
