pdEnroller Registration:

THIS ALSO REQUIRES OUTSIDE REGISTRATION [HERE](#).

This is put on by Make Math Moments, not the Kennewick School District. Registration within pdEnroller is still required to receive clock hours.

Digital Attendance/Reflection Verification:

Attendees need to register for the event on pdEnroller prior to the start date AND complete the digital attendance/reflections verification after each session throughout the day in order to receive clock hours. Attendance entries are dated and time-stamped and will not be accepted early or late.
