LOCAL HISTORY: Christ Church Calgary Archives

There are many kinds of documents in the Christ Church Archives, with varying degrees of accessibility for researchers.

They are held in boxes and binders at the Church (3602 8 St. S.W.); some are *digital files* and are available and searchable online, for example:

- File 479 in Box 34 has scanned Church Bulletins from 1991 – 2005, including the first editions of 'KOINONIA'

and others are *indexed by name or keyword.* You can search the 'Finding Aid' online to find in which binder photographs, obituaries, etc. reside of a person in the archives, for example:

- Binder 25 contains proof photographs of Prince Edward's visit to Christ Church.
- Item #84 in Binder 51 identifies the obituary of Peter Lougheed, giving his date of death and specifying that the item consists of an image and a biography.
