Primary Duty of Care – HSWA 2015

Event employees and volunteers must ensure, so far as reasonably practicable, the health and safety of workers, and that other persons are not put at risk by their work.

Overlapping duties of care-HSWA:

Event employees and volunteers must, so far as is reasonably, consult, cooperate and coordinate activities with all other Event employees and volunteers who have health and safety duties in relation to the same matter.

Description of the Work / Identify Significant Hazards / Controls - Event employees and volunteers

- a. **Covid 19**

- b. Smoke on the Coast will only go ahead if New Zealand is at Yellow light Level or below with maximum capacity of 100ppl; this will be determined on first come first served (at 4 members max per team) based on date of entry.
- c. All guests and competitors are responsible for their own social distancing. Smoke on the Coast is an outdoors activity with low risk of transmission
- d. All competitors are required to provide H&S AND Covid 19 PPE for use should our Territory be elevated to RED LIGHT level during the running of the event. The event shall be cancelled immediately should the alert level be raised to RED LIGHT level. If the event is cancelled all entry fees and accommodation costs will be refunded.
- e. In the event Auckland Council, the owners of the venue, require visitors to either prove double vaccination status or require negative tests, the Promoter will require entrants to comply.
- f. The Promoter requires teams and visitors to comply with all legally required or council stipulated Covid 19 measures. Failure to do may lead to ejection from the event

2 Trips, slips

- wear appropriate covered footwear, **no jandals/flip-flops**
- walk don't run
- if you spot an obstacle, please either remove it or alert one of the team to the hazard.

3 Equipment Storage areas / Trip hazards

- To be cordoned & marked
- Keep equipment in designated areas and out of public access/walkways

4 Equipment

- Competitors are to contain their fires, barbecues, gas cookers and other heating devices within their marked campsite at all times
- Tents, gazebos and marquees are to be secured to the ground using approved equipment only – any unsecured device shall be requested to be disassembled and removed if deemed a safety hazard by the promoter.

5 Housekeeping

- Clean all spills, follow all signage and speed limits. Note exits, assembly areas and fire extinguishers.
- Do not block driveways or road access,
- Follow all rules and posted signage within properties.
- Appropriate footwear to be worn in and around all properties.
- Always be mindful of others.

PLEASE DO NOT LITTER
