HOME TEAM ADVANTAGE

Switch your insurance. We pay your kid's sports fees. Simple as that.

You're already paying for home, contents and car insurance somewhere.

What if that same money also covered your kid's softball season?

$0 extra cost to you — it's your existing insurance spend, redirected	**Up to 2 kids** covered per season, depending on what you switch

How It Works — 3 Steps

- Talk to us about your home, contents and/or car insurance — we'll quote it against what you're paying now.
- Switch over the policies that qualify you (see below).
- We pay your kid's season fees directly to the club. You don't pay it, then wait to be reimbursed — it just never lands on your bill.

What You Get

If you switch...	Insurance you bring across	What we pay for
Starter	Home + Contents (this combo is the minimum — one policy on its own doesn't qualify)	1 child's full season fees, up to age 16
Full House	Home + Contents + Car	2 children's full season fees, up to age 16
Premier Player	Any of the above, for a player 16+	A contribution toward Premier-grade fees (these run higher, so we top up rather than cover the full amount)
Champion	Your whole insurance portfolio, including business insurance if you have it	Full fees covered, plus help toward uniforms, travel or tournament costs — we'll work this out with you directly

Why Families Trust This

This isn't a call centre trying to upsell you insurance you don't need. [Husband's Name] plays softball at a professional level and knows exactly what a season really costs a family once you add uniforms, travel and gear on top of the sign-up fee. Home Team Advantage exists because we've lived that cost ourselves.

Common Questions

Do I pay more for my insurance to get this?
No. We quote your home, contents and car insurance on its own merits, same as any broker. The season-fee payment is within a fair quote, not hidden inside an inflated one. We pay for the fees from the amount an insurer gives us for placing a cover with them. There is no extra charge on you at all.

What if I only want to switch one policy?
A single policy on its own — just contents, or just a car — doesn't unlock the programme. You need at least Home + Contents together to reach the Starter tier.

How do I know the fees actually get paid?
We pay your club directly once your policy switch is confirmed, and the club can confirm receipt with you. Nothing runs through your bank account.

What if I have more than 2 kids?
Let's talk — the Champion tier and additional arrangements are assessed case-by-case for bigger families.

Ready to stop paying season fees out of your own pocket?
