

Dear School Administrator,

Finding valuable professional development that engages and equips your teachers is hard. I have been a teacher, facilitator, principal, and Director of Curriculum and Instruction, so I completely understand your struggle. Just like you, I was in charge of finding, approving, and training teachers for an entire public school district. I understand your goal with this time is for them to get better equipped throughout the summer so they can better serve your students, community, and you.

I want to help you with this.

Here is a list of the 36+ sessions we're offering this summer!

1. Share that with your teachers and everything in **Green is free** for them to attend! Just have them [sign up here](#).
2. For \$842, you get your **entire building access** to every single session (**Green + Yellow**)
 - a. That's 126+ unique & engaging PD hours, offered 3 different times each throughout the summer.

Upgrade your entire building's summer PD options.

How will you know they're actively participating?

- Sessions will either be [Live](#) or [Premiere](#), and they'll only be available as they're playing in real-time (so teachers can't skip to the end)
- Chat will roll live, so if you're watching you'll see who is participating
- Evaluation link is only available at the end of the video, and when they fill it out they have the option to email it directly to you with [the notes they took!](#)

What do you do next?

- If you're okay with your teachers attending the **free sessions**, email them this link to sign up and get the calendar and let them know they have access to attend any of the Sessions/Times in **Green**: TarverAcademy.com/pdsignup
- If you'd like for one or all of your teachers to have access to **every single session**, [purchase it here](#), then forward the confirmation email you receive to them! If you choose Entire Building, let them know they can attend anything they want!!
 - Teachers can now watch on their own at home or in their classroom
 - You can play the video and have them all in a room together to watch & discuss

Applicable Qualifications:

- [Certified](#) as a teacher, principal, and superintendent
- Google Level 1&2 Certified Teacher, Google Certified Trainer, Google Certified Innovator
- Apple Teacher, Apple Distinguished Educator, Certified Apple Foundations Trainer
- TESS/Bloomboard Certified Administrator
- 25 Million Views + 150k Subscribers across [Youtube](#), [Instagram](#), & [TikTok](#)

Also, if you book me to work with your teachers in-person (or via Zoom), you get **Building-Level Premium PD** access for free! Email me if you're interested: tylertarver@gmail.com

What do I recommend you do?

I vote you [sign your building up for the Premium access](#) and let them have a plethora of options to choose the most applicable virtual PD to make them better. I've been in your spot, let me make your life easier.

Thank you for your time. I understand first hand how busy you are and how many decisions you have to make throughout the day.

Sincerely,

Tyler Tarver
