[Sample CYOA](#) Interactive Story for TCCSA Session

TIPS:

- Be sure to include well written introduction.
- Story writing can be split into groups at the point of the first choice. Remember- more writers mean more choices!
- Slides can be linked from multiple “choice” slides.
- On a diagram, always link back to main slide
- In a story, be sure to link to story intro on “ending” slides so people can start over.
- Don't forget to focus on proper writing structure, grammar and punctuation.
