

Unit Project 2--Personal Relationships

I can have a conversation about family and friends

Part 1: Create

Choose one of the people on the relationship circle you created for Unit Project 1 and write a longer description of them. Include as much information as you can say about them (at least five complete sentences). Practice reading what you wrote out loud!

Part 2: Share

Read your description out loud to your classmates and listen to their descriptions. Ask them for more information about the person they described, and take notes here. Be sure to give your classmates suggestions as well about their descriptions!

Part 3: Reflect and Revise

Based on descriptions you heard as well as ideas you may have gotten from listening to others' descriptions, revise your writing! Be sure to include additional information as well as correct any possible errors.

Part 4: Create

Record a presentation about this person including the information you worked on in parts 1-3. Be sure to include pictures and/or other props relevant to your presentation!

Part 5: Share

Watch your classmates' presentations together! Take notes here:
