Session Resources

More Information about my session:
We'll start with the basics, covering everything from setting up your classroom to assigning tasks and grading work. From there, we'll dive into some of the more complex features of Schoology, such as creating assessments, collaborating with colleagues, and customizing your classroom's appearance. Throughout the session, I'll share tips and tricks to help you get the most out of Schoology, and provide practical examples to demonstrate how these tools can enhance your teaching and improve student learning outcomes.
