MORE SOCIAL EVENTS

Every other Sunday or Friday in person. As long as one WCU person is there, we should hold the event. Post them on social media / through email list. The idea is either WCU Members show up to just hang out or to do work or it's an opportunity for non-members to talk to a WCU Member (and possibly join us) or help out with whatever WCU Members are working on at that time (making posters, or flyers, or whatever). Location can be flexible.

The other weeks, have a social event some other day in the evening virtual only. But the idea behind the event is the same / open to the public or any member.

This would be on top of the (Super) Working Meetings.
