

: How To:

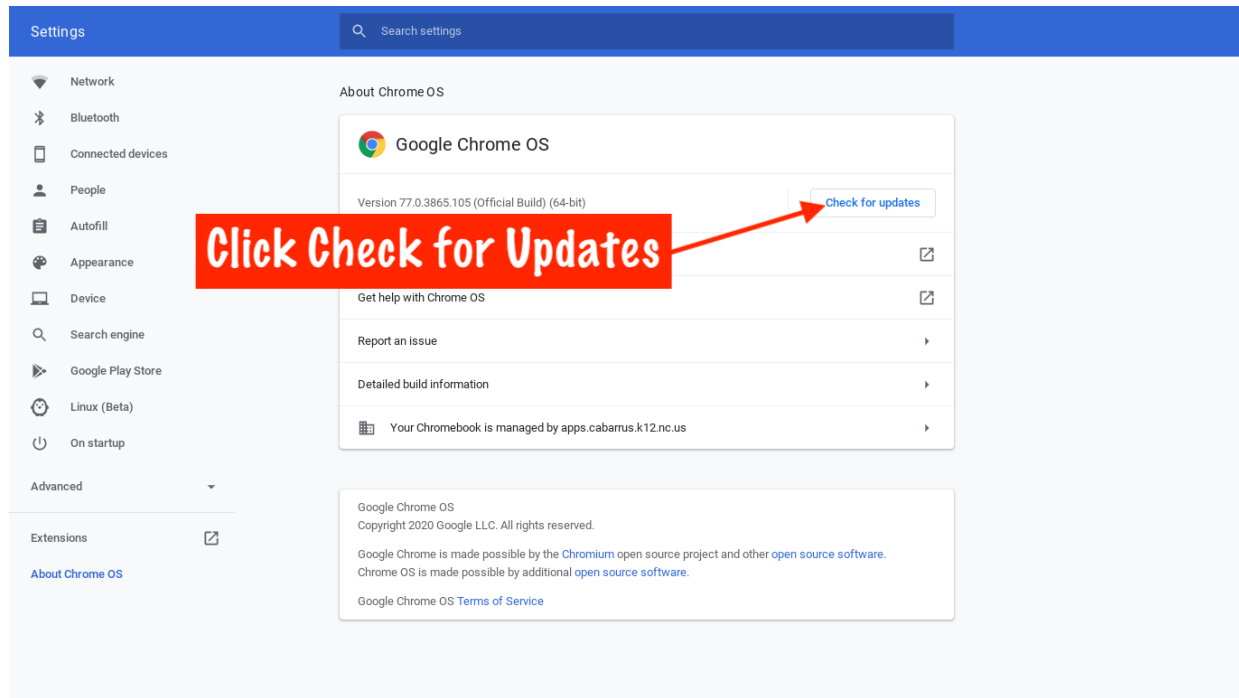

Manually Update Your Chromebook Operating System

Open the Google Chrome Browser, click the 3 dots in the top right corner, click Help, then click About Google Chrome.

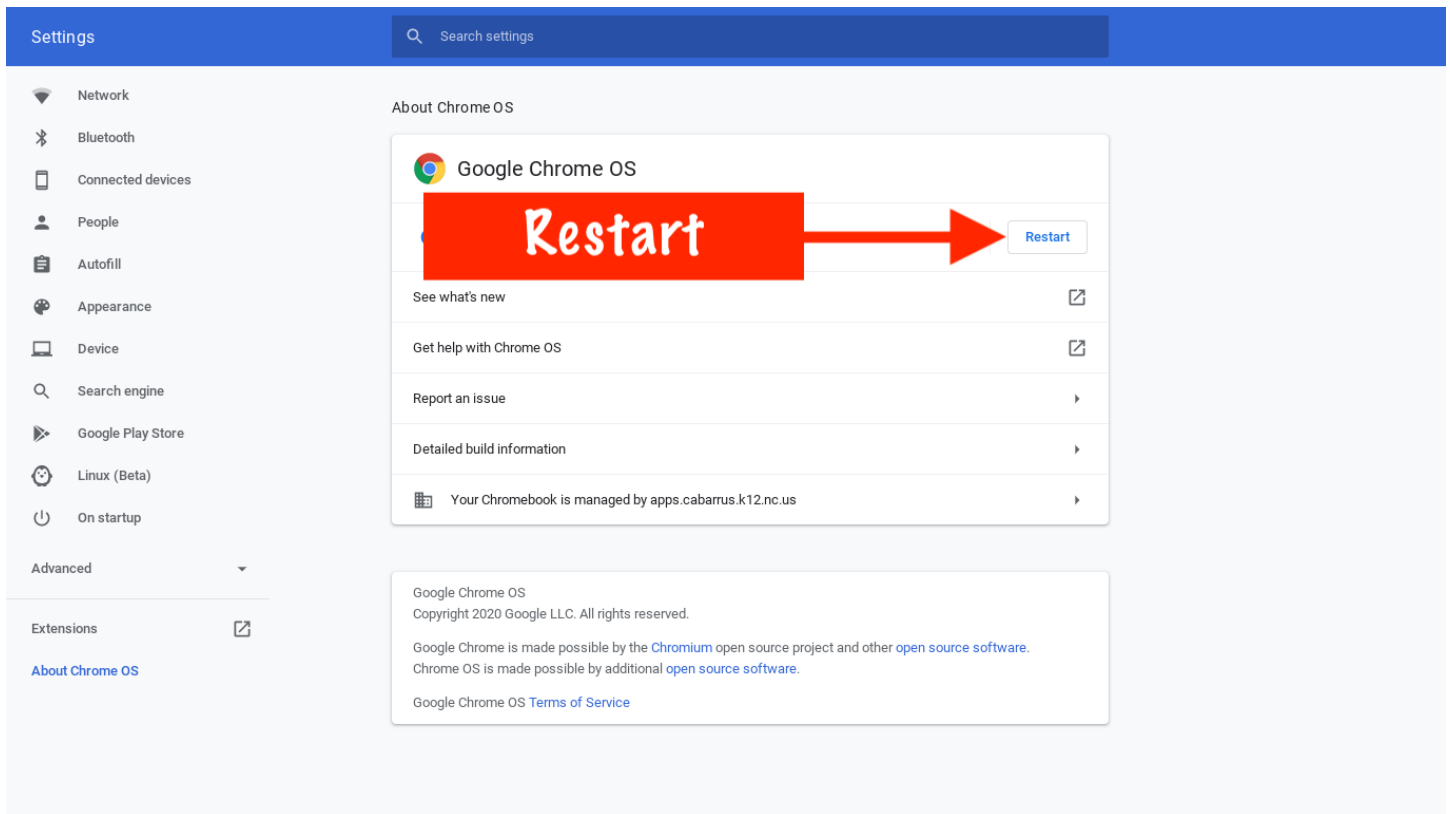

If you see Chrome version 86 or higher **STOP!** You are up to date.

If you see Chrome version 85 or lower, click “Check for Updates” - it may take a few minutes for this button to appear.

The update will start downloading. When the download finishes, you will see a Restart button. Click Restart.

Congratulations!!! Your chromebook is now up-to-date.
