WHAT A GREAT WEEKEND!

Thanks to the 8 Eagle racers (who raced @ Laguna Seca, it was such a fun weekend of racing! Despite the cold and rain on Saturday, spirits were anything but dampened. In fact, we were excited to see how Eagle Pride would be delivered out on the infamous "Hurl Hill" cheering on their teammates as they made the grind upwards and over, towards the finish line. We were treated to the hum of HMSA vintage car racing on the Mazda Laguna Seca Raceway. There were plenty of car geeks cheering kids on

and then turning around and taking photos of the fabulous vintage cars whizzing by on the track. Fun for all!

This race is not an easy one for anyone, but we will argue it may be hardest for the riders that have to face the reality of riding up Hurl Hill! Even if you haven't ridden this venue, you can surmise how this climb got it's name. So, in the ever strengthening rain storm, they conquered it, one pedal stroke at a time.

Luckily, our Eagle riders have the benefit of training on Mt Diablo. While those training days can often put us in the "Pain Cave", Eagles cashed in some training dividends at this race. Arguably, the most difficult in the NorCal race series, our Eagle riders soared above fellow competitors dropping the hammer on Hurl Hill. Despite the cold wind and light rain, Eagle Nation was on fire this day.
