CLASHES

Don't worry – these will be accommodated. You will have to do them on the same day stated though. This is JCQ standard practice across the country

Pre-May

French / German Speaking Exams: 18th – 26th April

Art 10 hour Exam: Thu 27th & Fri 28th April

GCSE Contingency Day is Wednesday 28th June. You must still be available until this point

Step 1: Easter Holidays

Pick **10** of these days to revise on. You will notice that the first weekend (Friday 8th April to Sunday 10th April) is free. Get your revision **started** on the Monday. (It is so difficult trying to start schoolwork later on, when you are out of the work habit and in holiday mode)

You could schedule your revision for the weekdays (Mon-Fri). You could do 2 days on, 1 day off. If you are going away / doing stuff on certain days, schedule your revision around that.

Each bullet point represents a 45 minute spell of revision, depending on you. (So on the days you are revising, you are only spending 2 - 3 hours of revision)

Next to each bullet point, write the name of a subject you are going to revise.

Top Tip: "Train as you play" – that means do some revision in the morning. You will have exams starting at 9am, so have to get used to working very hard at this time of day.

This is **THE** most **important** period of work and revision you **WILL EVER DO**. You **MUST** revise in the **Easter holidays** – as the work you do will go into your **LONG TERM MEMORY**. This means that you will be able to remember information / technique when under stress.

Step 2: Back at School – After Easter

You will then only have **4** weeks of school, before the main exams begin. It is important to keep your mind and brain "topped up" with revision. This will help your brain recall the facts / info / techniques needed for your exams as it helps go into your **LONG TERM MEMORY.**

Whilst it is difficult to juggle homework / practice papers and work your are being given by your teachers – it is important to keep scheduling blocks of 30 – 60 minutes of revision, to maintain information that you might have covered a long time ago.

IMPORTANT: Only fill this in on the Sunday night, prior to the start of the week. You will have a better understanding that point of how much homework is due in that week. Do not fill in every box! A box is worth 45 - 60 minutes of revision (your choice; allow breaks!)

Step 3: During the Exams

The exam period begins on Monday 15 May and ends on Wednesday 21 June. Whilst you will have had coursework deadlines / all day Art / Drama exams etc., this is when full on exams in the hall begin. It is also when you may have 2 exams per day (morning / afternoon) and so have to get very, very organised.

You will need to be doing 2 hours of revision per day at this point (10 squares filled in)

Fill in your own exam timetable (in the shaded column) and plan when you are going to do specific revision / practice the night before.
