

Group Writing Assignments: Choose a Track

The goal of this course is to give you the opportunity to engage in real-world issues. In these group assignments you will have the opportunity to address the Mediterranean Refugee and Migrant Crisis from either a **governmental** or a **non-governmental** approach. Please choose one and sign your name below. NOTE- If you have any specific interest, please include that. Also, if you are in another country, please list that as well as I will try to take time zones into consideration when possible.
