how to make a PC oc?

# How do I make an original PC character?

## Criteria:

- your OC has to be a furry  
there are no humans in Perfect Crootox, you can be a monkey tho :P
- it CAN'T be an insect or insect hybrid  
insects to this universe are what animals are to us. an insect OC would be like a talking dog for us AND insect hybrids like dog x wasp for example, would be weird, imagine a human mixed with a pig, that'd be scary
- your OC can only have one pair of eyes and no more than 2 legs and 2 arms
- eye whites have to be white or any light color  
darker eye whites signalise higher magic density in the anthro's body
- only one power per character
- don't make your characters OP
- anthros aged 50+ start graying  
the darkest color greys, OR the most vibrant one

**GAME !!!**

**Skaza**, along with **Victoree** and **Cinna**, are making a visual novel game with Perfect Crootox's characters. The lore will be different, and the game will take place in 2023 (the series takes place in 2022)

Here's the game's **Game Jolt page** where you can follow the development and download it in the future!

**Skaza** as the director and game artist
