

Rot Mythong Letter to Supporters from Adelanto ICE Facility

7/23/2020

Dear Support group,

I am inspired by the tremendous amount of love and support I am receiving from familys, friends, advocates, family sponsors, and strangers who is touch by my story and sign my petition. I really appreciate your understanding, open mindedness, compassion, and empathy in your heart! Your most needed support continues to motivate me to stay positive and continue to stay in the fight for my freedom here in America where I belong.

As you guys know I am not in the best of circumstance, but I try to be as positive as much as I can and look at things in a positive perspective. I sometimes do think of the possibilities of being deported to Cambodia and how will that look like. I have to admit the fear is real for me. I think of the past horror and trauma my family and I had to escape from. I don't speak the Khmer language and I have no living family or relatives in Cambodia.

But here in America I have my immediate family, my 28 year old daughter, and my 3 beautiful grand kids who I look forward to one day come one to and reunite with them all.

My goals & purpose is also here in America. I plan to continue to be an advocate for change. I would like to continue to reach out to the youngsters or even adults who is struggling with there addiction to criminal & gang life style. I would like to share my testimony to the men & women and show them that it is possible to leave the gang life style for a higher purpose.

With that said, I like to say thank you once again for the motivation that I needed to help me get over my doubts. I look forward to one day meeting you all in person and tell you all how much your support has helped me.

Thank you from the bottom of my heart!!

Sincerely,

Rot Mythong
