

Drafting a Graduation Plan Worksheet Name: _____

Check off or highlight the courses that you are already enrolled in or plan to take. Where applicable, fill in the course title. List additional courses outside of the required courses in the elective's sections. Your credits must total at least 80 credits (**52 required; 28 electives; 16 at the Grade 12 level, including a required English Language Arts 12 and Career-Life Connections**); however, you will likely have more, depending on your learning goals and your school's requirements.

Beginning in the 2023/24 school year, four credits of the current 80 credit requirements for the Dogwood Diploma must include an Indigenous-focused course(s). You can list the course(s) you plan to take to satisfy this requirement in the appropriate section below. Depending on the course(s), this could be in the Grade 10, 11, and/or 12 required or electives sections.

Depending on your school's offerings and your specific choices, the number of electives in each grade level will vary. The 28 elective credits can come from the following options:

- Ministry-developed or Ministry-approved courses
- Post-Secondary ("dual") credit
- Board/Authority Authorized (BAA)/First Nation Authorized (FNA) courses
- External Credentials
- Independent Directed Studies (IDS)
