Connect the Dots In-Game Idea Notes V1

Use this form to record your ideas and play the connect-the-dots game

First card

- Briefly summarize the information on your **first** card.
- Write your notes about the information on the card and what business ideas it might relate to.
- Write what specific education or experiences you drew from to gain those insights.

Second card

- Briefly summarize the information on your **second** card.
- Write your notes about the information on BOTH of your cards and what business ideas they might relate to. **You don't have to combine both sets of information completely; you can borrow attributes or parts of both cards to produce ideas and combine them with your own knowledge to create a business idea**
- Write what specific education or experiences you drew from to gain those insights.

Third card

- Briefly summarize the information on your **third** card.
- Write your notes about the information on ALL THREE of your cards and what business ideas they might relate to. **Combine, reconfigure, remove attributes, abstract up, or use analogs.**
- Write what specific education or experiences you drew from to gain those insights.

Turn over your cards; each player takes turns pitching / explaining the final idea to the judge.
