

RULES: Leave a comment with your guess. If you get it right, tell me what fic you'd like me to focus on and I'll add it to the list after the fifty points from the youtube playlist. If someone else has already guessed a song correctly, you can't also get that song. Except if there are multiple versions of the song, then you can get the other version of the song if it wasn't also got. Other than that, uh... don't google the lyrics themselves, but you can guess as many songs as you know.
