Adjourn

The next SLCo Stormwater Coalition meeting will be held Wednesday, April 15, 2026 at 10:30 via
<https://us02web.zoom.us/j/3859464290?pwd=Z3JiL2twbU4xYk5ubkdoU1R2anFMUT09&omn=85608835023>

Meeting ID: 385 946 4290 Passcode: Stormwater

During periods of little or no rain, trash and other pollutants accumulate on land. When it does rain, those concentrated pollutants flow into our streams, rivers, and lakes with less water to dilute the negative impacts.

When there is less rain, we need to be more vigilant about taking action to conserve water and prevent stormwater pollution!

STORMWATER IS UNTREATED

STORM DRAINS FLOW DIRECTLY TO STREAMS, RIVERS, AND LAKES
