

Commonwealth Games 2022

Computer Research Challenge Findings

WALT- We are learning to use Google to research and find information about the Commonwealth Games 2022.

Task - In pairs work on creating a google slide presentation to record information you have researched about the questions asked on the Computer Research Challenge Page.

This can be found in your Inquiry folder in your Drive.

Don't forget to -

- use headings on each of your slides.
- number each of your slides with the question number.
- use digital images to support your information.
- record your names.
- proofread your work and edit.
- when you think you have finished mark check on the term task sheet.

**Make sure you work 'SMART' share the work to complete the task in a timely manner.
HAVE FUN!!!**
