

**Behavioral therapies to try for firework reactions:**

- Dog Appeasing Pheromone Therapy: Adaptil Collars, Sprays, Diffusers
- Pressure Therapies: Thundershirt, Weighted Blanket
- Calming treats Composure, Solliquin; CBD Products
- Behavioral Training, Desensitization; We recommend consulting with a behaviorist
- Consider behavioral literature: Patricia McConnell - I'll Be Home Soon has practical solutions for separation anxiety
- Increase daily exercise
- Consider pharmacologic therapies like trazodone (Desyrel) or fluoxetine (Prozac) if needed
