

Dr. BINDU KRISHNAN

Dr. Bindu Krishnan is a Doctorate holder in Statistics with more than 20 years of experience in academics. She is currently working as Professor & Head of Department of Data Science, Jain University, Kochi, Kerala, India. Prior to this, she had served as the Head of Department of Analytics, Associate Professor and as Assistant Professor in various institutions. She had achieved her Ph.D in Statistics from Bharathiar University on the topic “A Study on Certain Heavy-tailed distributions and their Applications in Time Series Modelling” and her Master’s Degree in Statistics is from Cochin University of Science and Technology and Master of Technology in Computer Science and Engineering - Data Science and Artificial Intelligence also from Cochin University of Science and Technology. She had published the book entitled “Probability Distributions, Random Processes and Numerical Methods” under Wiley Publications and also published several research articles in reputed national and international indexed journals, including SCI, Web of Science and Scopus journals. She had delivered a number of invited sessions as well as hands-on session, particularly in Data Science, Machine Learning, Artificial Intelligence, etc. using various Programming Languages. Her major areas of research interest include Distribution Theory, Time Series Modelling, Data Science and Machine Learning.
