Prashanth B(Vipassana Research Institute), Shay Foley (Hamilton College), Corinne Chatnik (Union College), Taylor McDowell (Hamilton College), Brenden McCarthy (RPI), Kate Gerrity (Amherst College), Carl Jones (MIT) , Lisa McFall (Hamilton College), Gisella Stalloch (Hamilton College), Alyssa Willis (Hamilton College), Sarah Goldstein (Born-Digital) , David Bass (Western Washington University), Max Bronsema (Western Washington University), David Swartz (Hamilton College), Giancarlo, Jenifer (RPI), Katie Romabiles (METRO), Diego Pino (METRO), Allison Sherrick (METRO), Martha Tenney (Barnard), Megan Tyne (Montessori), Noah Smith (Born-Digital), Kim Hoffman (Hamilton College), Pat Dunlavey (Born-Digital), **Derek Merleaux (Born-Digital)**, Roland Obermair (AMI & Roromedia), Ryan Hughes, Sarah Schmidt, Albert Min (METRO), Jen Palmentiero (SENYLRC), Martha Tenney (Barnard)

Agenda/Notes & Action Items

- Announcements?

- Add agenda items here
 - Intro to Archipelago Working Group ([Presentation Link](#))
 - Road Map [@Diego Pino](#) or [@Alliomeria](#)
 - Current Road Map:
<https://github.com/esmero/archipelago-deployment/issues/243>
 - Road map has grown organically based on use cases.
 - Lots of features and functionality now. Lots of lines of code.
 - Road map is a great reference point for what's available.
 - Also shows what needs to be documented. Community is welcome to contribute documentation.

- Documentation info: <https://docs.archipelago.nyc/1.0.0/>
 - Info on contributing documentation: <https://docs.archipelago.nyc/1.0.0/giveortake/>
 - What needs documentation macro issue: <https://github.com/esmero/archipelago-documentation/issues/95>
 - Presentation of [Hamilton site](#)
 - [Slides](#)
 - Q&A
 - Question about design options/challenges.
 - Hamilton is trying to figure out the best way to leverage TWIG templates and tweak design in a sustainable way.
 - Archipelago base theme is very slim. Individual sites are extending themes based on use cases.
 - CSS injector being used in some cases.
 - Barnard has been working on advanced search on their site. How can the community work together on this?
 - Sharing use cases within the AWG and the broader community
 - Reference the Road Map to see what's been done and what's coming
 - Search is challenging and there are software limitations
 - Example: bug in solr. Long strings with punctuation, dates, etc.
 - Road Map questions
 - Ask directly
 - Keyword search
 - Goal-related tasks
 -
- Action items
 -
- Next open meeting: June 14, 10:00 a.m. Eastern Time
 - <https://columbiauniversity.zoom.us/j/97875098539?pwd=VIBFM1U5UnNoZC9DSjluRXk2MXJRQT09>
