

International students have restrictions concerning ONLINE courses. The helpful chart below was shared by International Education. Keep this information in mind during registration! As you can see by the chart, hybrid courses count toward that in-person requirement. International students **MUST** be in **9** in-person credits at all times.

NOTE: International students who want to drop/withdraw from a course(s), need to keep their visa requirements in mind to avoid having their visa revoked. Again, International students **MUST** be in **9** in-person credits at all times. There may be exceptions but that would be a question for Hanna Lee in International Education.

Please direct questions directly to Hanna Lee in International Education. You can reach her at hanna.lee@oswego.edu or x5660, and her office is in Sheldon Hall 116.
