ABSTRACT

Maximum 250 words, written in English, *Italic*, Times New Roman, Font 11, single-spaced, sloping. no more than 250 words, in one paragraph without reference, abbreviations/acronyms, and footnote. Abstracts are written not in mathematical form, questions, and guesses. The abstract contains research objectives, implementation methods, analysis techniques, results of the study, and conclusions.

Keywords: Max 5 words

INTRODUCTION

Introduction typed in capital letters [Times new roman font size 12] contains the background of overcoming a problem, urgency and rationalization of activities, literature review, problem-solving plan, activity objectives, and hypothesis development [Times new roman font size 12, Regular] Note for Author: The length of the article is between 2000-5000 words (including literature, notes, and tables). Articles are typed in the Microsoft Office Word format. Using Times new roman font size 12, single space on A4 paper [Times new roman font size 12].

LITERATURE REVIEW

Describe clearly and concisely the literature review that underlies the research by outlining theories, findings, and other research materials that form the basis for generating hypotheses (if any) using Times New Roman font 12.

METHODS

The research method explains the implementation methods employed in the study. The method is described clearly and in detail [Times new roman font size 12].

RESULTS & DISCUSSION

Explain the results of the research in the form of problem-solving analyzed using relevant theories. The results of the study also revealed the findings of the research. Discussion is accompanied by logical arguments by linking the results of research with theory, the results of other studies.

Describe discussion of the research findings.

CONCLUSION

Conclusions contain a summary of the results of the research and discussion. Conclusions are research findings in the form of answers to the formulation of research problems or research objectives and research hypotheses. Conclusions are explained briefly and clearly. The suggestion section describes the application or development of science. Conclusions and suggestions do not use points or numbering but are described in one paragraph. [Times New Roman 12 font size].

ACKNOWLEDGMENT

Describe anyone who directly helps your research such as funders (an institution called non-personal), may be supplemented by the research contract number. Thank you to the intended parties (if any and significant related to the study).

REFERENCES

Contains primary literature sourced from national and international journals, books and secondary sources from credible and accountable internet sources. The reference list is written following the *American Psychological Association (APA) Fifth edition*. All sources listed in the bibliography must be in the article script by using referral applications.
