

College Transfer 101 [Video Panel](#) (47:18)

The target audience for this discussion are students that are currently taking or considering taking college-level classes with the goal of earning a bachelor's or 4 year degree and their parents/guardians. The purpose of this conversation is to inform students and families about the many nuances of transferring college credit so they can make the best decisions.

NOTE: Any college credit taken through a college or university begins your permanent academic record. This record is visible to any college to which you might enroll/transfer.

Introduction and philosophy on transfer process (0-5:34)

Do I apply as a freshman or transfer applicant? How are my credits evaluated? (5:35-9:47)

What is the difference between an AA, AS, and the MN Transfer Curriculum? (9:50-14:09)

Which degree/curriculum is preferred and will I earn my Bachelor's in 4 years? (14:10-23:28)

How do I get in contact with somebody to get my credits evaluated? (23:30-25:28)

Are there minimum requirements to accept transfer credits and do I always need to show my high school record/scores? (25:30-32:36)

What resources are offered for transfer students and when can I access them? (32:40-38:01)

Can transfer students have opportunities like: Honors Program or Study Abroad? (38:05-40:35)

Is there a cost/scholarship difference when applying as a transfer student versus a traditional first-year student? (40:37-46:10)

Conclusion & Next Steps (46:10-47:14)
