

Which U-32 Pathways Do You Want to Explore?

These pathways let you pursue your passions with community mentors while earning proficiencies.

What's your question?	Options	Grades	Proficiencies	What makes this program different from the others?	More Info...
<p>Is there something I want to learn that isn't offered as a class?</p> <p>and/or</p> <p>Do I want to learn something new in my own style?</p>	Branching Out	9-12	Transferable skills	Students design a year-long study or internship based on their interests, supported by a teacher advisor and community mentor. They can explore subjects not offered at U-32, such as World Languages, or pursue personal areas of interest.	Contact Karen Liebermann kliebermann@u32.org
	The Pilot	10-12	Transferable Skills & All Content Area SLOs when applicable	Students work on passion-driven projects, supported by mentors, weekly advisor meetings, exhibitions, portfolios, and community feedback. They attend Pilot Seminar, help build a collaborative workspace, and typically take no more than four traditional classes per semester.	Contact Amy Koenigbauer akoenigbauer@u32.org
	Community Based Learning	11-12	Transferable Skills	Students explore a personal interest or career path during dedicated CBL class time, which can include internships or mentor meetings. They document their work on a website and present it throughout the semester.	Contact George Cook gcook@u32.org
Can I help make my community and the world a better place?	SCOP	12	Transferable Skills	Senior Community Outreach Project, traditionally in the last week of senior year. Seniors volunteer in the community for a day. We are looking to expand this. Help us!	Contact Bec Dezan rdezan@u32.org
	Change-makers		Transferable Skills	Students create and lead individual or group projects focused on making a positive impact in the community. Co-taught by Shelley Vermilya and Karen Liebermann	Contact Karen Liebermann kliebermann@u32.org
Can I get a job or an internship through school?	Paid Work Experience	10-12	Transferable Skills, Content Area SLOs if applicable	Students gain paid experience in a sector of their choosing while completing a workplace project tied to transferable skills or content proficiencies, developed in coordination with the Work-Based Learning Coordinator.	Contact Liza Semler lsemler@u32.org
	Internships (Paid or unpaid)	11-12	Transferable Skills	Structured, supervised experiences in real-world workplaces. Hours and duration are defined in a training plan between the school, employer, and student.	
Or this...?	Build Your Own	7-12	Transferable Skills, Content Area SLOs if applicable	Examples: summer work experience, earning a certification, addressing a community need, interning with a teacher, peer academic mentoring, whatever you can dream of...	Contact Liza Semler lsemler@u32.org
