

Michael Davis Golzmane - Clearing for Financial Freedom

Financial freedom = freedom in life. If you have one, you are more likely to have the other. There can be many soul reasons why money may feel restricted. In this clearing, Spirit will intelligently discern the deeper blocks within your soul and within your past lives that are restricting financial freedom in your life, and will clear them.

Some of the themes of this 62-minute clearing will be clearing blocks around freedom, prosperity, confidence, life, and self-preservation.
