CURRENT POSITION

Research fellow @ Scuola Superiore Sant'Anna (Pisa)
 Local Food Systems Research and Advocate @ Resilient Local Food Supply Chain Alliance (Coalition of the United Nations Food Summit)
 Ph.D in Environmental Sociology and Urban Studies (URBEUR) at Università di Milano-Bicocca
 Subject Expert and Teaching Assistant in Cultural Anthropology at Università Cattolica del Sacro Cuore
 Lecturer and Subject Expert in Environmental Sociology
 Project Designer, Writer, Science Communicator, Advocacy Campaigner, and Fundraiser
 Research Interests and Expertise: Sustainable Food Systems, Political Ecology, Agroecology, Social Movements, Sustainable Tourism Systems

RESEARCH EXPERIENCE

2025-ongoing

Research Fellow for Re.Food Project and Local Food Systems Advocate @ Resilient Local Food Supply Chain Alliance

Institution Scuola Superiore Santa Anna Pisa
 Project title Re.Food (Funded by Italian Ministry of Foreign Affairs and International Cooperation)
 Project aim Support and enlarge the research, advocacy, and technical support capacity of the Resilient Local Food Supply Chain Alliance, one of the Coalition of Action of the United Nations Food Summit, committed to reaching sustainability goals by 2030 through a localized food systems and short food chains approach
 Desk Activities Alongside advocacy and administrative tasks to support daily Alliance operations, a desk review of inspiring practices of Localized Food Systems and short food chains is being carried out, identifying and analyzing promising initiatives and their scaling potential, to be then shared online on FEED -The Knowledge Community, an online platform for Food Systems Best Practices knowledge dissemination

2022 -2023

PhD Erasmus+

institution Nelson Mandela- African Institute of Science and Technology (Arusha, Tanzania)
 project title *Which role of local communities in the sustainability of Eco-tourism? A case study from Tanzania*
 project aim Data gathering and desk activities to accomplish Ph.D. research regarding how local and Indigenous communities living inside or near protected areas are affected by Eco-tourism and nature conservation
 desk and research activities Literature review (Nvivo) and data gathering through interviews and focus groups with Arusha Tourist System actors and local and indigenous communities. Design of interviews and other research tools. Data analysis through Nvivo

Research Dissemination and Restitution

Realization of an informative video addressed to both Academic and Non-academic audiences on the challenges to balance the interests of community and tourism (see my Linktree).

Creation and management of a successful fundraiser campaign to help the primary school of Irkaswaa village. It was conceived as form of restitution, after the great help the village gave me for my research (see my Linktree). Objective: counter extractivism and coloniality in my Ph.D research.

2021 Researcher and Video Content Creator for the URBANA project (III edition).

institution Università degli Studi di Milano-Bicocca – Department of Sociology and Social Research

project title URBANA (III edition) is an event and a third mission university project, headed by Professor Giampaolo Nuvolati, Sociology Department Director. (See my Linktree)

project aim Spreading awareness on urban issues outside the Athenaeum. Due to the COVID-19 pandemic, the 2021 Edition focused on the consequences of Covid-19 on Urban spaces and social life. Further goals were qualitative explanatory research, and dissemination through video, academic publications and seminars. The video was projected during URBANA (III ed.) - a public event at the Feltrinelli Foundation. Video title: *Virtù civiche, solidarietà e Covid-19. Il caso delle Brigate Volontarie per l'Emergenza* (see my Linktree).

desk activities (qualitative) Literature review on mutual help, civic virtues, and grassroots self-help networks. Video content creation.

field activities (qualitative) Three weeks of research activity (ethnography and interviews) in Milan, investigating the effects of COVID-19 on the Urban Food System and the role of self-help networks

Design of interviews with stakeholders

Data gathering: conduction of interviews with volunteers and beneficiaries of the Milano Aiuta project, participant observation and ethnography of volunteerism activities.

Data Analysis: Interview content analysis, observation analysis, visual analysis of pictures of data gathering

Video conceptualization, Video Script, Recording of video and photo material

2018 –2020 Junior Researcher for SASS Sustainable Agrifood Systems Strategies International Research Project

Institution Università degli Studi di Milano-Bicocca – Department of Sociology and Social Research

project title SASS - Sustainable Agrifood Systems Strategies (Coordinated by European Centre for Development Policy Management)

project aim Development of Food Sustainability Guidelines for Tanzanian policy makers, writing of academic publications, dissemination books, and qualitative and quantitative research reports.

desk activities (qualitative) Literature review

Design of interviews with stakeholders and Interview content analysis

Writing qualitative research reports, territorial context analysis, Small-farming system and local food system actors mapping

desk activities (quantitative) Questionnaire Design

Data analysis: preliminary statistical analysis of the submitted questionnaires (100 respondents)

field activities (qualitative and quantitative) Three months of research activity in Arusha and Arumeru to investigate the local Food System and the role of peasants

Data gathering: conduction of interviews with stakeholders (22 respondents)

Questionnaire Submission

Data gathering and Data entry activities (Two weeks): coordination of enumerators team, and questionnaire-related activities (supervision of data entry)

Research Dissemination: Creation of a video to raise awareness on the sustainability challenges of small-scale farmers (Credits: Video Script and Footage)

Oct.- Dec. 2017

institution

Junior Researcher: Mobility-Extra-UE - Exchange Program

Università degli Studi di Milano-Bicocca – Department of Sociology and Social Research and

Oikos East Africa

Field & Desk activities
(qualitative)

Three months of field research in Arusha to investigate the local Food System and the role of organic peasants in the development of rural areas.
Design and conduction of 20 Interviews with local Food System Stakeholders, territorial and contextual analysis, Food System Actors Mapping
Investigation of the thesis case study: MESULA, a social business for organic farming in Arusha, Tanzania
Data Analysis: Interview content analysis

EDUCATION AND TRAINING

Nov. 2020- June 2024

Institution

Activities

Dissertation title

Ph.D. in Environmental Sociology and Urban Studies – URBEUR (XXXVI cycle)

University of Milan-Bicocca (Dpt. of Sociology and Social Research)

Desk research activities (research reports, research design, research tools design, literature review, data analysis)

field activities (+7 months of field investigation in Tanzania Northern Safari Circuit)

Which role of local communities in ecotourism? Land, governance, culture, and other matters in Tanzania conservation and tourism. The case of Enduimet WMA

April 2024

Institution

Activities

Wageningen Spring School in Political Ecology of Conservation

Wageningen University (The Netherlands)

Lectures on the different research approaches of political ecology, applied to environmental and biodiversity conservation

Production of 3 assignments to obtain a Certificate of Attendance and 4 ECTS

April-June 2024

Institution

Skills Trained

Training Course in Social Networks, Digital Media and Tools for Working

Agenzia Metropolitana per la Formazione, L'orientamento ed il Lavoro (AFOL Metropolitana) (Milano)

Social Media communication, strategies, and tools

Web Marketing tools

Brand analysis and marketing

New Media for Marketing and Communication

Communication and Marketing Campaigns: need assessment and strategic development

Feb- March 2021

Institution

Activities

SISEC Winter School on Methods - First edition

Sisec – Società Italiana di Sociologia (Online)

Lectures in Field experiments, Process tracing, Comparative analysis and case studies, Family life courses, Ethnography

2016 -2018

institution

thesis title

grade

MA in Tourism, Territory and Local Development

Università degli Studi di Milano— Department of Sociology and Social Research

Valorizing rural areas through the action of organic peasants: the case study of MESULA Social Business, Tanzania

110 with honors/110

June 2017 Summer School “Rising Africa: Development, Resources, Conflicts”

institution ISPI (Italian Institute for International Political Studies)
activities Two days of in-depth lectures with different experts with a common interest in the African future

July 2015 Summer School “African and Asian Studies”

institution Università di Pavia – Department of Social and Political Studies-Study Centre for Non-European People “Cesare Bonacossa”
activities Lectures of political sciences, anthropology, economic sciences, and history on the African and Asian Continents. Insight into classes of Arab, Chinese, and Japanese Language

2012-2015 BA in Human Geography”

institution Università degli Studi di Milano – Department of Human Studies
thesis title *New food scarcity, land-grabbing and the poorest pay the price: a case study of “villagization” in Gambella Region, Ethiopia*
grade 110 with honors/110

COMPUTER CERTIFICATION

European Computer Driving Licence (ECDL) released by Italian Association for Informatics and Automatic Calculation (AICA)

ECDEL certifies knowledge of the following IT components:

- IT Basic Concepts
- Computer and file use and management
- Word processing
- Spreadsheets
- Database
- Presentation
- Information and Communication (Internet use)

OTHER DIGITAL SKILLS

QSR Nvivo 12 Qualitative Data Analysis Software

- Advanced knowledge of Nvivo 12 Software

IBM SPSS Statistics Software:

- Good knowledge of the SPSS Statistical Package for Social Science

GIS Software

- Basic knowledge of GIS Software (QGIS)

ADOBE Creative Suite

- Basic knowledge of Adobe Illustrator, InDesign, and Photoshop

PROJECT SKILLS

Advanced project writing skills
Advanced project strategy skills
Advanced skills in project implementation, management, team coordination, and problem-solving
Creation of Digital Media for project development (videos, website, social media campaigns)
Advanced project communication skills, and project advancement report skills
Fundraising campaign management

PROJECTS ADDITIONAL INFORMATION

Call for Projects Institutions

La Scuola dei Quartieri 2022

Milan Municipality. A project to fund informal groups' formalization into third-sector organizations

Six months

Duration

Project Name, Brief Description & Outcome

AQUi "Amiche Quartiere Unito Isola". An innovative educational project based on participatory and co-education (0-3 years daycare), in the city of Milan (Isola Neighborhood). Duration of the funds: nine months. Outcome. Not funded

Activities & Duties

Scientific supervisor: Scientific coordination of the project, with a special mandate on Sustainability; project social, and scientific relevance. Project writing, strategy identification, and proofreading.

Call for Projects Duration Institutions

Erasmus+ KA 107. (2020). Erasmus calls for projects specific to EXTRA-UE Mobilities
Nine months

Università degli Studi di Milano- Bicocca (UNIMIB) and Nelson Mandela- African Institution of Science and Technology (NMAIST) – Arusha (Tanzania)

Erasmus+ International Credit Mobility KA107.

Project Name, Brief Description & Outcome

Internationalization of UNIMIB outside EU. It allowed Master's and PhD students, Lecturers, Professors, and technical staff to undertake a visiting period at the hosting institution. The project funds travel and accommodation expenses. Project Duration: Three years (extended due to the pandemic). Project Outcome: Partially funded.

Activities & Duties

Project writing (background and relevance sections), Proofreading (of all sections), Strategy Identification and Consultancy. I was involved by both institutions to write project sections, identify key partners, and, once funded, I assisted the team in project management. Coordination of team members (especially bridging and intermediation activity between Italian and Tanzanian members)
