# Privacy Policy

In HaklIT, we are committed to maintaining your confidence and trust by protecting your personal information and data and at the same time providing you with efficient and user-friendly solutions. This Privacy Policy tells you how and for what purpose the mobile application TZS collects and accesses your data and how your privacy is protected.

**Why We Collect and Access Your Data**

In order to provide you with its full range of functionalities, the TZS mobile application requires access to some of your data and components stored in your mobile device. This is required for the purpose of storing data from the app on the phone.

**Collecting and Accessing Data**

TZS mobile application collects and needs access to the following data:

**Location**

This application needs access to your location to show the nearest tourist attractions. It can access your location only when it is in use.

**Storage**

This application needs access to your local storage, so it can store app relevant data on the device.

**User Data Access Settings**

The decision on which information you would like to share is up to you and you can:

- Restrict the access of the TZS mobile application to your location by changing the settings on your mobile device. Please note that if the access is restricted some of the functionalities will not function as provided above,

**Changes to Privacy Policy**

We may modify the Privacy Policy from time to time. If we decide to change our Privacy Policy, we will post the changes under Current Notices on our site.

This policy was last modified on November 11th 2019.
