

## **Now Accepting Graduate Thesis Students (MSVU)**

I am currently seeking graduate students (Master's thesis stream) from programs such as Curriculum Studies, Lifelong Learning, or other related disciplines at MSVU. You do not need to be in the EdTech cohort program to work with me.

My research sits at the intersection of **educational technology**, **learning sciences**, and **AI-enhanced teaching and learning**. I particularly welcome students interested in:

- Self-regulated learning and metacognition
- Generative AI in teaching and learning
- Learning analytics
- Intelligent tutoring systems

### **Benefits of joining my research group:**

- Opportunities to collaborate with my national and international research partners
- Hands-on involvement in ongoing funded research projects
- Mentorship in research design, academic writing, and publication

### **How to apply:**

Email me at **Michael.Lin@msvu.ca** with the subject line: "Graduate Supervision Inquiry – [Your Name]" and include:

1. Your research interests and how they align with my work
2. Why would you like me as your supervisor
3. Your relevant academic or professional background
4. Your academic or career goals
5. A writing sample (e.g., term paper, thesis excerpt) and transcripts

△ Applications missing these elements will not be considered.
