

## **Loops Exercises**

1. Write a for loop that prints each number from 0 to 4 using the `range()` function.
2. Given a list `colors = ["red", "green", "blue"]`, write a for loop that prints each color.
3. Initialize a variable `count = 1` and write a while loop that prints numbers from 1 to 5, incrementing `count` by 1 each time.
4. Create a list of numbers (e.g., `[1, 2, 3, 4, 5]`) and use a for loop to calculate and print the sum of the list.
