1.	East Bay Greenway Multimodal – North Segment (San Leandro – Broadmoor Boulevard to E14th Street)	Construction	Construction of Bicycle and Pedestrian improvements along San Leandro Boulevard from Broadmoor Boulevard to E14th Street in the City of San Leandro. The work to be done consists of removal of existing roadway pavement, constructing new roadway pavement, installing concrete curb, curb ramps, sidewalks, curbs and gutters, pavement striping; installing roadside and wayfinding signs, installing landscaping and bioretention areas, drainage infrastructure modification, utility adjustments, traffic signal, warning beacon, street lighting installation and modification. The estimated number of working days is 290.	<ul style="list-style-type: none"> • General Contractor • Electrical • Landscaping • Signing/Striping • Traffic Control 	May 21, 2026	Farid Javandel, Director of Project Delivery, fjavandel@alamedactc.org
2.	I-580/I-680 Interchange Improvements	Professional Service	Alameda CTC will seek qualified firms to provide Project Approval and Environmental Document (PA/ED) services for the I-580/I-680 Interchange Improvements Project. The project will evaluate and develop short-, medium-, and long-term operational and safety improvements at the interchange and will explore opportunities to improve multimodal connectivity. The project limits include the I-580/I-680 interchange and adjacent I-580 and I-680 corridors, extending to the neighboring interchanges on each side. The scope includes preparation of technical studies, environmental documentation, and preliminary engineering to secure project approval and environmental clearance. The resulting contract will be funded with a combination of Express Lane Toll Revenue and Measure BB funds and as such, will not be subject to a Disadvantaged Business Enterprise Program but will be subject to the Alameda CTC Local Business Contract Equity Program.	<ul style="list-style-type: none"> • Project Approval and Environmental Document • Preliminary Engineering • Environmental Technical Studies • Traffic Analysis • Public Outreach 	June 22, 2026	John Lowery, Director of Express Lane Operations jlowery@alamedactc.org
3.	East Bay Greenway Multimodal – North Segment (Lake Merritt to Fruitvale BART Segment)	Construction	Construction of Bicycle and Pedestrian improvements generally along E8th, E10th, E12th Streets from the Lake Merritt BART station to the Fruitvale BART station in the City of Oakland. The work to be done consists of roadway paving, concrete curb ramps, driveways, sidewalks, curbs and gutters, new and modified traffic signals and pedestrian warning beacons; roadway and pedestrian lighting; pavement delineation, drainage modifications, utility relocations and adjustments, landscaping, and green infrastructure. The estimated number of working days is 363.	<ul style="list-style-type: none"> • General Contractor • Electrical • Landscaping • Signing/Striping • Traffic Control 	Late June, 2026	Farid Javandel, Director of Project Delivery, fjavandel@alamedactc.org
