

How to Edit your student-athlete's registration:

- 1.) Log onto Arbiter Registration with the SAME email you used to register the athlete.
- 2.) When you log-in, hopefully it looks somewhat like this:

- 3.) There are two ways to get to your athlete's registrations. You can click the blue link "BELLINGHAM HIGH SCHOOL & MEMORIAL SCHOOL - ATHLETICS," or you can click "Registrations" on the top gray menu bar. Both will bring you to the following screen.

- 4.) From here, you can click the gray box towards the right side of your screen marked “Edit or Complete.” It may bring you to a page to complete payment, but on the top right, there is a drop down menu. Click “Edit” > “Continue without saving.”

- 5.) In the first section of the registration there should be a field where you can upload the most recent physical. Pictures taken with cellphones, screen shots, or PDFs are accepted. *(please make sure if you screen shot, you include the Exam Date)*. When complete, scroll to the bottom and save. Be sure to click through to the very end of the registration to save and you are all set.
- 6.) DO NOT EMAIL ME PHYSICALS. Email is not a secure way to transmit protected health information.
- 7.) Tips:
- Do not use a mobile device. Things do not always save and Arbiter Registration is most compatible on a desktop/laptop computer.
 - Be sure to save and click through every piece and page of the registration until you get to the end where you can submit and save.
 - Delete all other files except the valid physical. We do not need old physicals on file, so you can delete them.
 - The physical should be part of the first section marked “Participant Information.” If it is in any other section, it cannot be viewed by the Athletics Dept.
