

Homework Assignment

Students are expected to read for about 20 minutes each night and take a 3-10 question AR quiz on at least one of the books they completed. (I understand that some students will finish 8 or more books while others will struggle to finish 1. This is okay, 20 minutes a night is all I ask. This number is scientifically proven to have tremendous benefits.)

How to Do It

First, read for twenty minutes each night Monday through Thursday. Next, log on to AR and take a quiz on a book you read. You will see the AR quiz number written inside the books that were sent home with your child.

Quizzes - Accelerated Reader (AR)

First, sign in to AR click (Classlink: Renaissance) Click **I'm a Student**. Your child's **teacher username** is barker123. The class is Barker 23-24. Their password is their lunch number.

Search for your book by title, author, or quiz number, and take your quiz. If you didn't do your best, don't worry. The more you read, the better you will get at the quizzes. Take another one until you get a score of 70% or better. Books can be read by the student, with the student, or to the student. :) Happy reading!

What if I don't have access to a computer?

I understand. Try your best to get him/her to school before 8:15 and I will allow time for students to take AR quizzes on one of the computers in the laptop cart from Ms. Jones' classroom.
