PLC Foundations</li> <li>2. Leading Effective PLCs in your District</li> <li>3. Guaranteed &amp; Viable Curriculum:<br/>Identifying Your Priority Standards</li> <li>4. Creating and Sustaining High Impact<br/>Guiding Coalitions</li> <li>5. Connecting MTSS and PLCs for Staff</li> <li>6. Getting Student Results through PLC<br/>Instructional Inquiry Cycles</li> <li>7. Utilizing the PLC framework to improve<br/>literacy &amp; math outcomes for students</li> <li>8. PLC Schedules at the Secondary Level</li> <li>9. Establishing PLC Structures, Schedules,<br/>Agendas, and Protocols to Ensure<br/>Effective Team Practices</li> <li>10. How to Lead and Monitor<br/>Implementation in Your District</li> <li>11. Making Data Impactful in Instruction &amp;<br/>Differentiation with Your PLC Teams</li> </ol> | <b>Description:</b><br><b>Designing High-Impact Tier 1 Units</b><br>In this two-day, hands-on workshop, educators will design<br>a complete unit of study grounded in essential standards.<br>You will get clear on what students must know, do, and<br>think, and build a plan to respond when learning does<br>not happen the first time. Walk away with a fully<br>designed, ready-to-teach unit and the confidence that<br>your Tier 1 instruction is built to support every learner.<br>Bring your team and build together. Participants should<br>bring access to instructional materials, curriculum<br>resources, and pacing guides to support unit<br>development. <i>(This is a repeated session March 9-10)</i><br><br><b>Building a Strong MTSS Framework</b><br>This two-day workshop is designed for school teams that<br>have begun MTSS implementation and are ready to refine<br>and strengthen their systems. Participants will examine<br>current practices and build a more efficient, effective,<br>and equitable approach to supporting all learners.<br>Participants will deepen their understanding of a tiered<br>system of support and walk away with a clearer, more<br>cohesive MTSS framework. | <b>Description:</b><br>This two-day training is designed to deepen<br>understanding and application of identified<br>high-leverage instructional practices for<br>secondary teachers and building leaders.<br><br>Participants will focus on identified Tier 1<br>instructional strategies with strong effect sizes<br>that can be implemented immediately in the<br>classroom, including: Building Academic<br>Vocabulary; Graphic Organizers, Concept Maps &<br>Notetaking; Class Discussion and Student Voice;<br>and Formative Assessment — all grounded in the<br>foundation of increasing Teacher Clarity.<br><br>Time will be given for participants to plan for<br>implementation of one of the practices between<br>sessions. |
