www.adcos.com.br**

O Sabonete Glico-Ativo é multifuncional, limpa profundamente a pele, uniformiza a textura, renova e ilumina. Pode ser usado na face e no corpo. É ótimo para clarear a pele por causa do Ácido Glicólico (9%) que retira as células mortas e estimula a renovação celular. Depois que voltei de uma viagem de verão, foi com o auxílio do sabonete da Adcos que reduzi minhas manchas de melasma no rosto. Ele clareia manchas na virília e axila também. Como deixa a pele sequinha, não é ideal ser usado todos os dias. Eu gosto de usar de 2 a 3x por semana.
