

Summer Assignments

I hope you all have a wonderful summer, and I look forward to having you in third grade next year! It'll be important to keep up with reading and math practice so your academic skills are sharp when you return in August.

Expectations: All students are expected to continue reading over the summer. Most of the books you choose should be within your AR level. However, if you see something that really interests you, feel free to read it as well (any and all reading is welcome!).

Provided/Required Materials:

-Reading Log

-Book list with AR Levels

-List of ways to practice ELA and Math concepts (pencil and paper or online)

Students will have access to **Clever resources up until August. Please have them practice using any programs they used in 2nd grade.

Students must turn in their work on the first day of school.

If your child completes any other type of reading, workbooks, or academic programs. Please provide a photo of the completed work.

I'm looking forward to a fantastic year of learning with all of you. See you soon!

Sincerely,

Third Grade
