Hi. Tbh I’m not good with these kinds of things so bear with me if this whole google doc isn’t properly written or scuffed so I have no idea how to reach out or ask for help but this is for my parents especially for my mom

This October, my mom was diagnosed with Stage 0 breast cancer. She started experiencing pain in her right breast while recovering from a road accident, and the pain just wouldn't go away, so she decided to get it checked.

After her first mammogram, the results came back as BI-RADS Category 5, which honestly scared us a lot. thankfully after undergoing a biopsy, we found out that it was only stage 0.

It's been a really scary and a very stressful time for our family, and I honestly don't know what to expect, but I'm just thankful that we found out early.

despite having hope, we still don't have enough money for her operation and treatment because of our family's financial situation. my dad is also in debt (for the sake of privacy, i'm not gonna disclose why, but don't worry, he didn't do anything bad), which makes things even harder for us right now. recently, i've also been shouldering the monthly bills to help him out. My goal is at least **$5000** for this fundraiser and any kind of help would be greatly appreciated.

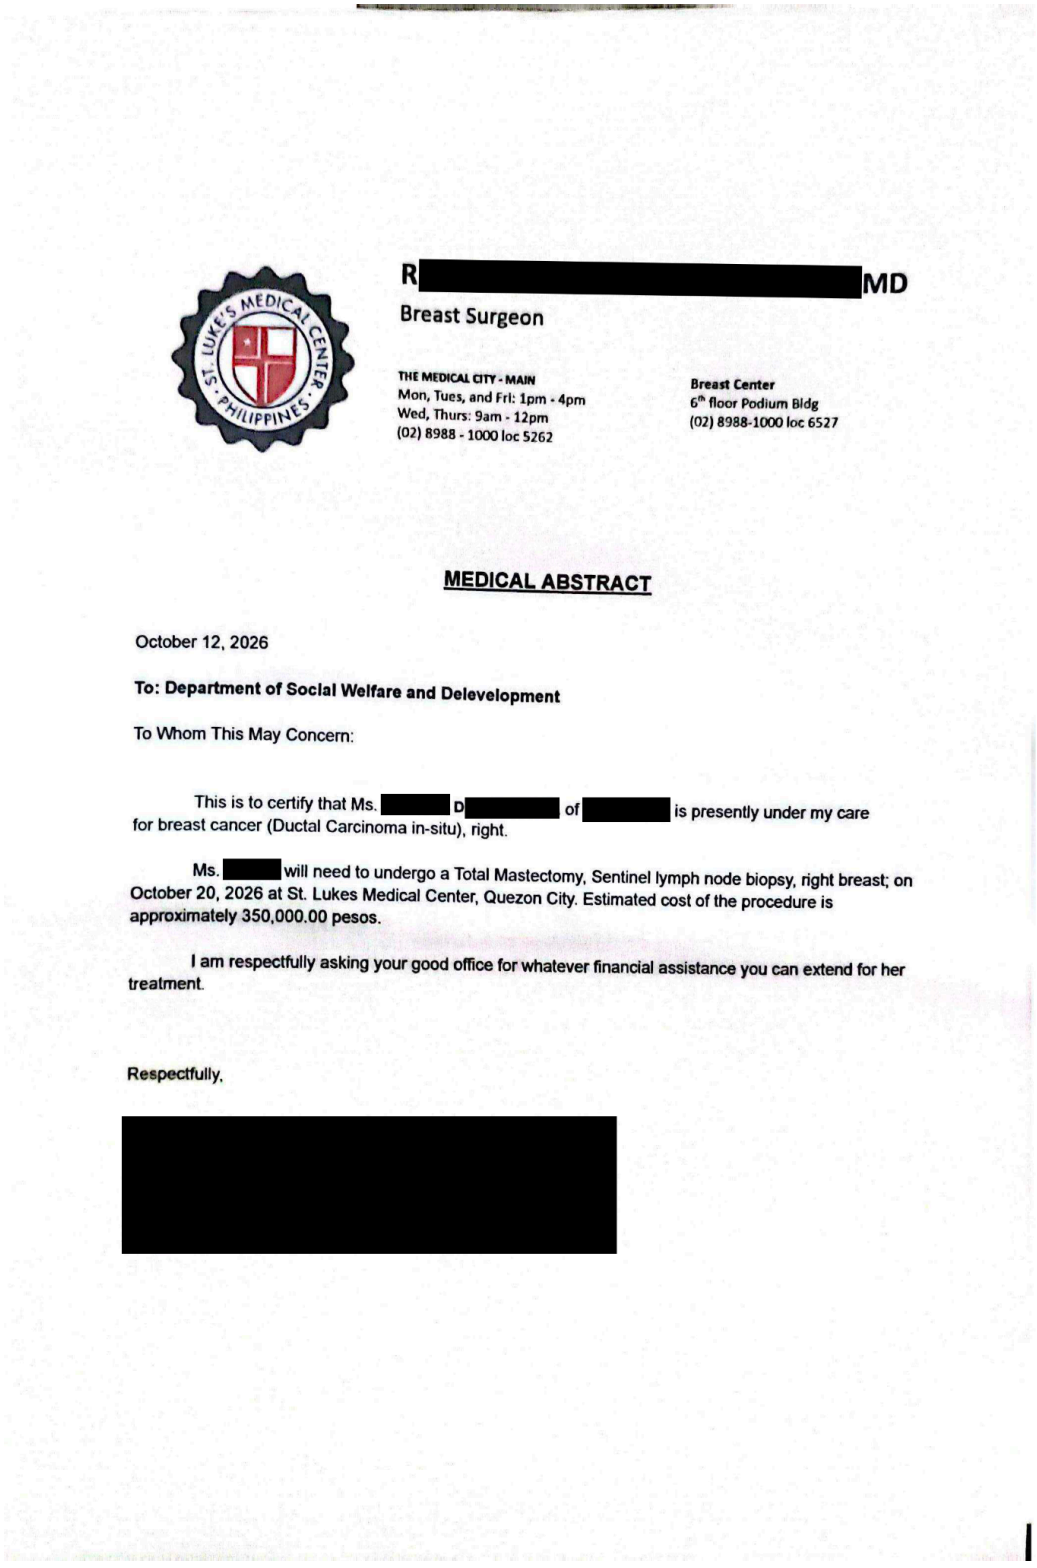

Below are the links if you want to help us with my family’s situation. **I also can provide vocal mixing whoever donates over $10 or 500PHP:**

Ko-fi link: https://ko-fi.com/shibakuroji (this ko-fi account is recently created for this)
You can donate through my GCash:

This is the only document that I can provide for now since we only got the medical abstract from the doctor and my mom will be admitted on October 19, 2026 (I can provide more details soon):

R [redacted] MD

Breast Surgeon

MEDICAL ABSTRACT

October 12, 2026

To: Department of Social Welfare and Delevelopment

To Whom This May Concern:

This is to certify that Ms. [redacted] D[redacted] of [redacted] is presently under my care for breast cancer (Ductal Carcinoma in-situ), right.

Ms. [redacted] will need to undergo a Total Mastectomy, Sentinel lymph node biopsy, right breast; on October 20, 2026 at St. Lukes Medical Center, Quezon City. Estimated cost of the procedure is approximately 350,000.00 pesos.

I am respectfully asking your good office for whatever financial assistance you can extend for her treatment.

Respectfully,

[redacted]
