

# Brandywine School District Invitation Letter Children

## Developmental Screening

Welcome to our screening and monitoring program. The first 5 years of your child's life are important, and we want to help provide the best start for your child. As part of this service, we provide the Ages & Stages Questionnaires, Third Edition (ASQ-3), and the Ages & Stages: Social Emotional 2 (ASQ:SE-2) to help you keep track of your child's development. Developmental screening is just as important as vision and hearing screenings. The earlier delays are identified, the earlier they can be addressed before they grow larger. This is for all children who attend childcare within the Brandywine School District feeder pattern.

**You will be asked to answer questions about what your child can and cannot do.** *This will include questions about your child's communication, gross motor, fine motor, problem solving, personal-social skills, and interactions with adults and children.*

### Developmental Screening Results:

- **Results show no concern:** If the questionnaire shows that your child is developing *without concerns*, we will provide some ideas about how to encourage your child's development and provide the next questionnaire at the appropriate time.
- **Results showing concern:** If the questionnaire *shows some possible concerns*, you will be contacted about getting a more involved evaluation for your child.

**\*Information will only be shared with other agencies with your written consent. \***

We look forward to your participation in our program!
