This year's theme is "Sun, Sand and Stars." It's all about capturing the magic of desert days and nights from golden dunes glowing in the sunlight, to the peaceful calm of starry skies above. This theme celebrates the beauty, mystery, and adventure of the natural world around us, especially the desert. Be creative, and think about how these three elements **sun, sand, and stars** can tell the story of the Wahiba Challenge. We'll be judging how well your design reflects this theme. So dive into the inspiration the Wahiba offers, and let your imagination shine!
