

MSCA Member Resources during COVID-19 Restrictions

Hello Montana School Counselors. We have created a different resource guide that is a little easier to read. We want to say a big thank you to the Rhode Island School Counselor Association who shared this resource with us! [Check it out here](#).

Please feel free to add more information to the attached spreadsheet or your favorite books below!

And of Course, stay tuned to ASCA's website for up-to-date resources and information.

- "Don't Feed the Worry Bug" by Andi Green
- "The Invisible String" by Patrice Kirst
- "Most People" by Michael Leannah
- "Love the World" by Todd Parr
