The abstract is a single or multiple paragraph(s), without indentation, that summarizes the key points of the manuscript in 150 to 250 words. The body text used Times New Roman font 12 point for the Author names and for the Abstract content. Type or paste your text into this file. Page layout is size: A4, orientation: portrait, margin: 2.54 cm in all sides. Paragraphs are justified on both left and right.

Use single line spacing and leave a line gap between paragraphs. This helps your text to be read easily. If you would like to insert a figure you can do so. Use the *insert picture* command and *paste special* as an enhanced metafile for ease of handling. Include text caption to the figure.

The limit for your abstract is one page. Abstracts that do not meet these formatting requirements will be returned. The organizing committee will edit abstracts for clarity or correctness of English and will consult the author if significant changes are needed.

Please upload your abstract in word file format.

Keywords: please provide few (limited to 5) key words in alphabetical order separated with semicolon, not included in the title.
