Quality Meat Rabbit Breeding Stock

Commercial New Zealand White

Agricultural Farm Animals, a commercial meat rabbit for people who want to produce their own food in a way that is cleaner and more humane than the industrial food system.

Ten Reasons I Love this Breed

- Heat Tolerant - 5-8 degrees higher than standard NZ (84℉)
- Year Round Breeding - no summer sterility
- Early Maturity - first mating 16-18 weeks (M-17wks, F-16wks 4days)
- Easy Breeders - Does are cooperative
- Nest Builders - kindle in the nestbox not on the wire
- Strong maternal instinct - successfully raise their litters
- Good milking ability - mamas nurse kits on demand throughout the day
- Utilize forage efficiently - produces a quality carcass
- Good Growth - 5 #s by 10 weeks (summer)
- Temperament - calm easy to handle

For Sale year round
Only the best kits are sold from each litter
We can form unrelated pairs and trios
Proven stock is sometimes available

We do not ship rabbits, they must be picked up at our farm. Cash only.
