- **Portraits and Quotes Guidelines**

Nearly any "high-resolution" shot is fine. Med to high quality .jpgs are our most commonly submitted formats. Photos will be in a 2:3 ratio.

- Portraits should present your senior in a positive and appropriate manner. Please adhere to Cleveland's official dress code and avoid hats, caps, masks, hand signals, face paint, slogans and insignias on apparel, and photo distortion.
- Additionally, seniors may include an appropriate quote no longer than 25 words in length to be printed below their portrait. This is optional.
- "The Legend" reserves the right to refuse any portrait or quote it deems inappropriate for publication.
- We will create a list and a proof page with your senior portrait and seniors will have an opportunity to confirm that their photo will be in the yearbook. This will take place in February, and it will be communicated in eNews, Trivory and student school media.
- Rename files to students' legal name

**\*Please only submit photos to the form, not our email as they risk being lost in spam**

### **Photographers:**

While it is possible to shoot a quality senior portrait at home, the best looking portraits are almost always delivered by professional photographers. Here is a list of photographers who we recommend.
