

*Some of these books like Learn Python the Hard Way and Python for Biologists can be found with a google search. No need to buy them.

**I had zero experience when I started so it was helpful to use the kids book to get me more comfortable with the harder books.

These are books I used to teach myself Python.

1. [Learn Python the Hard Way](#) *
2. [Think Like a Computer Scientist](#) *
3. [Hello World!: Computer Programming for Kids and Other Beginners](#)*
4. [Python for Biologists](#) *
5. [Python Programming: An Introduction to Computer Science](#)
6. [Mastering Python Regular Expressions](#) *
7. [Advanced Python for Biologists](#)
